

## 7% SALICARE GEL

60ml plastic bottle w/flip cap

**Scinderm Category: Deep Cleanse and Clear Skin**

### Indications

- **Salicylic Acid a Beta Hydroxy Acid (BHA)**
- **Salicylic acid is an excellent keratolytic agent**
- **It is thought to function through solubilization of intercellular cement, thereby reducing corneocyte adhesion**
- **Because of its lipophilic nature, salicylic acid has a strong comedolytic effect**
- **Salicylic acid affects the arachidonic cascade and thus exhibits anti-inflammatory capabilities**

### Indicated for:

- **blackheads and breakouts**
- **comedonal acne**
- **enlarged pores**
- **rough and oily skin**
- **photo aging**

### Active Ingredients

**7% Salicylic Acid**

**Highly effective resurfacing agent**

### Ingredients

7% Salicylic Acid , Water (Aqua), Glycerin, Propylene Glycol, Hydroxethylcellulose, Ascorbic Acid, Diazolidinyl Urea, Allantoin, Diazolidinyl Urea, Chloxoylenol

### Directions for use:

1. Apply Salicare Gel on a clean skin using your fingers or even better - use gauze.
2. Gently rub with circular movements into the areas that breakout regularly or where the skin is congested with blackheads. By using circular movements this aids the Salicylic acid in this product penetrate deep within the follicles helping dissolve oil and blackheads.
3. Let dry and apply moisturizer over.
4. Use everyday once or twice a day for best results
